LATO

Aluminum Skirting Board

Lato aluminum skirting board is mostly preferred in all living areas and public areas such as offices, hotels, hospitals, schools, shopping malls and terminals. It has aluminum corner pieces with surface and color options identical to profiles. It covers the defects in floor and wall joints. It prevents dirt accumulation and harmful organisms to provide hygienic and healthy use for many years. With the hollow area in its design, it collects the telephone, electricity and internet cables to organize your environment. Lato has matte anodized, bright anodized, satin chemical bright anodized and electrostatic powder painting options. While silver, yellow, inox, bronze and black anodized color coatings are available, it can also be painted to the desired RAL code with electrostatic powder painting.
