LEUX

Fodpanel i aluminium med LED

Leux aluminium LED fodpanel er for det meste foretrukket i eksklusive klassiske designprojekter gennem dets dekorative belysningsfunktion og victorianske design.

Den kan også bruges som ledelys på mørke steder.

Ud over sin belysningsfunktion dækker den også fejl i gulv- og vægsamlinger.

Det forhindrer ophobning af snavs og skadelige organismer for at give hygiejnisk og sund brug i mange år.

Med det hule område i sit design samler den telefon-, el- og internetkabler for at organisere dit miljø.

Leux forener klassisk udseende og moderne belysning.

Leux er et eclipse-serieprodukt.

Aluminiumsprodukter med formørkelsesmarkør har RAL7016 og RAL9016 farvemuligheder.

LEUX

Aluminum LED Skirting Board

Leux aluminum LED skirting board is mostly preferred in exclusive classical design projects through its decorative lighting feature and Victorian design. It can also be used as a guiding light in dark places. In addition to its illumination feature, it also covers the defects in floor and wall joints. It prevents dirt accumulation and harmful organisms to provide hygienic and healthy use for many years. With the hollow area in its design, it collects the telephone, electricity and internet cables to organize your environment. Leux brings classical appearance and modern lighting together. Leux is an eclipse series product. Aluminum products with eclipse marker have RAL7016 and RAL9016 color options.
