SENTIO

Aluminium-Sockelleescht

Sentio Aluminiumplack gëtt meeschtens bevorzugt a Beräicher mat grouse Lücken tëscht Mauer a Buedem wéinst senger breet Form.

Mat dem erweiderten Huelberäich a sengem Design sammelt et Telefon, Stroum an Internetkabel fir Ëmfeld wéi Aarbechtsplazen a Büroen ze organiséieren.

Et deckt d'Mängel an de Buedem- a Wandgelenken.

Et verhënnert d'Akkumulation vun Dreck a schiedlech Organismen fir hygienesch a gesond Notzung fir vill Joren ze bidden.

Sentio huet matte anodized, hell anodized, satin chemesch hell anodized an elektrostatesch Pudder molen Optiounen.

Iwwerdeems Sëlwer, Giel, Inox, Bronze a schwaarz anodized Faarf coatings sinn, et kann och op de gewënschte RAL Code mat electrostatic Pudder molen gemoolt ginn.

SENTIO

Aluminum Skirting Board

Sentio aluminum skirting board is mostly preferred in areas with large gaps between wall and flooring due to its wide form. With the extended hollow area in its design, it collects the telephone, electricity and internet cables to organize environments such as workplaces and offices. It covers the defects in floor and wall joints. It prevents dirt accumulation and harmful organisms to provide hygienic and healthy use for many years. Sentio has matte anodized, bright anodized, satin chemical bright anodized and electrostatic powder painting options. While silver, yellow, inox, bronze and black anodized color coatings are available, it can also be painted to the desired RAL code with electrostatic powder painting.
