LUCEO

Aluminijasta LED talna letev

Luceo aluminijast LED podstavek je zaradi svoje dekorativne osvetlitve večinoma priljubljen pri ekskluzivnih projektih.

Lahko se uporablja tudi kot vodilna luč v temnih prostorih.

Poleg funkcije osvetlitve pokriva tudi napake na spojih tal in sten.

Preprečuje nabiranje umazanije in škodljivih organizmov ter zagotavlja higienično in zdravo uporabo več let.

Z votlo površino v svoji zasnovi zbira telefonske, električne in internetne kable za organizacijo vašega okolja.

Luceo ima preprost in minimalističen videz s svojo tanko obliko.

Luceo ima možnosti mat eloksiranega, svetlo eloksiranega, satenasto kemično svetlo eloksiranega in elektrostatskega prašnega barvanja.

Medtem ko so na voljo srebrni, rumeni, inox, bronasti in črni anodizirani barvni premazi, ga je mogoče tudi pobarvati na zeleno oznako RAL z elektrostatskim prašnim barvanjem.

LUCEO

Aluminum LED Skirting Board

Luceo aluminum LED skirting board is mostly preferred in exclusive projects through its decorative lighting feature. It can also be used as a guiding light in dark places. In addition to its illumination feature, it also covers the defects in floor and wall joints. It prevents dirt accumulation and harmful organisms to provide hygienic and healthy use for many years. With the hollow area in its design, it collects the telephone, electricity and internet cables to organize your environment. Luceo has a plain and minimal appearance with its slim form. Luceo has matte anodized, bright anodized, satin chemical bright anodized and electrostatic powder painting options. While silver, yellow, inox, bronze and black anodized color coatings are available, it can also be painted to the desired RAL code with electrostatic powder painting.
